

Leadership Workshop and Sustainability Expo

A program to support student leadership in high schools

OBSERVATORY HILL
ENVIRONMENTAL EDUCATION CENTRE

***Are your students interested in environmental leadership?
Could they benefit from being a student mentor?***

The Leadership Workshop and Sustainability Expo is a two day leadership event for high school students to learn how to become environmental leaders and mentors.

Students attending the Workshop and Expo will:

- Learn leadership skills;
- Attend inspirational workshops on key aspects of environmental sustainability and;
- Develop a sustainability themed workshop presentation for primary school students.

The Leadership Workshop and Sustainability Expo is run by specialist DoE staff from Environmental and Zoo Education Centres, as well as community sustainability leaders.

The leadership program has three main components:

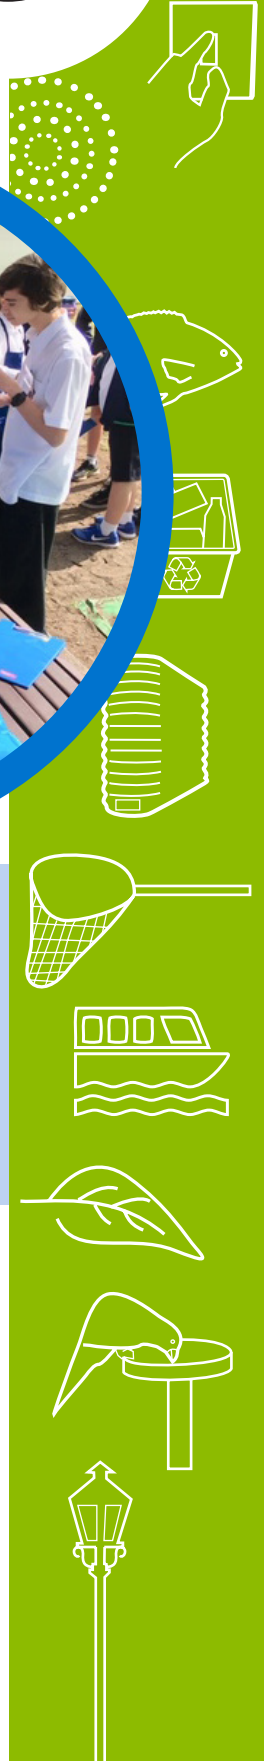

1. An introductory environmental leadership workshop for high school students at Taronga Zoo Sydney
2. A follow up Sustainability Expo involving local primary school students
3. A NESA registered teacher professional learning course to be run in conjunction with the Sustainability Expo day.

Cost: Students free! (NESA PL Course \$120 GST Free)

Date: Monday 12th August and Thursday 19th September

Contact: observhill-e.school@det.nsw.edu.au or 9247 7321

Application to attend

A two day Leadership Workshop and Sustainability Expo to be held on Monday 12th August and Thursday 19th September. Maximum 8 students per school. The Leadership Workshop is designed to inspire students to take action for the environment and to deliver their own sustainability themed workshop to groups of primary school students at a Sustainability Expo on the 19th September. At the Sustainability Expo, accompanying teachers will participate in a 4 hour NESA Registered PL course.
