

Measurement and Geometry - Position

An incursion program to support S2 Mathematics

OBSERVATORY HILL
ENVIRONMENTAL EDUCATION CENTRE

Measurement and Geometry - Position is an approx. 1.5 hr mathematics incursion using environmental and outdoor themes to enrich and strengthen mathematics learning outcomes, specifically 'Position' MAG-17MG - using simple maps and grids to represent position and follow routes, including using compass directions.

Students will use GPS devices, compasses, school maps and orienteering games to extend their understanding of the **Position** outcome of the mathematics syllabus in a fun and interactive way.

Cost: \$5 per student

Enquiries: Phone: Observatory Hill EEC on 9247 7321

Email: observhill-e.school@det.nsw.edu.au

For more information about this program and other environmental education programs, visit the Observatory Hill EEC website at:

<https://observatoryhilleec.schools.nsw.gov.au/primary-programs>

Our Centre is staffed by **experienced and qualified DoE Teachers**. It provides **cost effective, curriculum linked** programs that strengthen classroom learning, as well as **Risk Assessment** advice for all programs.
