

The Nature of Writing Pre and Post Incursion Activities

Pre visit activities

Activities prior to the delivery of the program will help prepare students for the day as well as link the program to the class program.

These could include:

- Visit <https://www.mylearning.org/stories/minibeasts/9> (on the whiteboard) and learn more about invertebrates
- Share eBook Text Phasmids:
<https://books.apple.com/au/book/phasmids/id712107565>

Follow up activities

- Create models of either worms or phasmids showing features and adaptations of these creatures
- View the Field of Mars Environmental Education Centre Multi Touch e-Book called [Invertebrate Explorer](#) to learn more about classifying invertebrates.

Note: Observatory Hill EEC also has other incursion programs suitable for your stage. <https://observatoryhilleec.schools.nsw.gov.au/primary-programs/incursion-programs.html>
