

Urban Dynamics – Barangaroo

A fieldwork program to support Stage 6 Geography

OBSERVAT
ENVIRONMENTAL EDUCATION CENTRE

RY HILL

'Urban Dynamics - Barangaroo'
is a Geography fieldwork
program that focuses on the
urban dynamics of urban
consolidation and renewal
in Barangaroo, and
gentrification in
Millers Point.

Students will learn about how Barangaroo's renewal and consolidation is helping to achieve the goals of the Sydney Metropolitan Plan 2036 to slow urban sprawl and make Sydney a more compact city. They will visit Barangaroo to identify and investigate the urban dynamics of renewal and consolidation. Students will also visit nearby Millers Point to investigate the urban process of gentrification.

The program has three main components:

1. **Introductory activities and resources to introduce the students to the fieldwork.**
2. **A whole day fieldwork experience in Barangaroo and Millers Point.**
3. **Follow up activities to enhance geographical knowledge and skills.**

Urban Dynamics – Barangaroo

A fieldwork program to support Stage 6 Geography

OBSERVAT
ENVIRONMENTAL EDUCATION CENTRE

During the fieldwork day, students will:

- Visit Barangaroo South to learn about the urban dynamics and urban processes associated with shaping this world-class mixed use precinct;
- Undertake a guided tour of Barangaroo South with *Lease Lease* representatives to learn about the economic, social and environmental impacts of the development;
- Visit Barangaroo Reserve to undertake a series of fieldwork skills including mapping, photo interpretation and field sketching; and

- Visit Millers Point to learn about the process of gentrification which has rapidly transformed this suburb and it's community.

Cost: From \$9 per student
