

# Urban Dynamics – Green Square

A fieldwork program to support Stage 6 Geography

**OBSERVAT**  
ENVIRONMENTAL EDUCATION CENTRE

**ORY HILL**

*Urban Dynamics - Green Square' is a Geography fieldwork program that focuses on the urban dynamics of urban consolidation and renewal in the Green Square development area.*

Students will view Green Square development sites, including the new Green Square Town Centre, and Victoria Park, to identify and investigate the urban dynamics of renewal and consolidation. They will also learn about how Green Square's renewal and consolidation is helping to achieve the goals of the Sydney Metropolitan Plan 2036 to slow urban sprawl and make Sydney a more compact city.

The program has three main components:

1. **Introductory activities and resources to introduce the students to the fieldwork.**
2. **A whole day fieldwork experience in Green Square.**
3. **Follow up activities to enhance geographical knowledge and skills.**

# Urban Dynamics – Green Square

A fieldwork program to support Stage 6 Geography

**OBSERVATORY HILL**  
ENVIRONMENTAL EDUCATION CENTRE

During the fieldwork day, students will:

- Visit the *City of Sydney Library* in the new Green Square Town Centre, to hear from Landcom representatives about their role in developing Green Square;
- Learn about the urban dynamics associated with shaping this brownfield site along with the economic, social and environmental outcomes;
- Use geographic skills like observation, recording and mapping to familiarise themselves with the study area; and
- Visit Victoria Park and the new town centre in Green Square to view examples of Urban Dynamics in operation and to complete a liveability assessment of the area.

**Cost:** From \$9 per student
